

A warm welcome to Juniper Bethshan

Walking into Juniper Bethshan you immediately sense it feels like home. With the 1920s original character charm of the entry and dining room to the more modern rooms and courtyards, residents immediately feel they belong to a community.

With just 26 rooms, the small home has a friendly and welcoming atmosphere. Residents can freely personalise their rooms to make them feel just right. A compassionate and respectful team of staff support residents to continue pursuing their own interests, backed by individualised clinical care.

Juniper Bethshan has an active social calendar of activities, bus outings and welcoming volunteers and local community members into the home. With the home a significant part of the district and enabling older people to stay close to their family, friends and community, connections with local community groups for the benefit of residents make up an important part of the home.

The DINE Experience

At Juniper, we believe food is one of life's greatest pleasures, and serving wholesome, nutritious meals is the key to supporting our residents to live their best life. Each resident enjoys food from our DINE (Dignity In Nutritional Excellence) initiative. Our seasonally-driven menus are designed by our chefs and prepared daily at our on-site kitchen using local, quality ingredients.

Address:

7 Piesse Street, Katanning WA 6317

Your neighbourhood

Juniper Bethshan is nestled in a peaceful pocket of Katanning but not far from the centre of town offering visitors and residents easy access to nearby cafes and shops, pharmacy and medical services and parks.

Meet Residential Manager

Julie Christensen

Julie has been an advocate for regional aged care services for many years and brings a wealth of experience to Juniper Bethshan and Juniper Waratah.

She started her career as an enrolled nurse and considers herself to be an evolutionary manager having transitioned into many roles, initially with the Health Department for 17 years, then as a CEO for a regional aged care provider for 19 years.

Julie is deeply dedicated to dementia care and strongly advocates for Juniper's person-centred care philosophy.

She has worked in the southern wheatbelt for many years and has embraced the sister management role between Wagin (Waratah) and Katanning (Bethshan).

Drawing on her own wide skillset, Julie is committed to working with her team to provide a home away from home where residents feel valued and respected.
